

⚠ WARNING

GENERAL WARNINGS AND GUIDELINES

Martial Arts sparring may be dangerous; participants risk serious injury, disability and death. MACHO sparring equipment is intended only to reduce the risk and severity of accidental injury to covered areas during supervised, **no contact** or **light contact martial arts sparring**. **Light contact (blunt force)** does not cause pain, injury, penetration, or visible movement of the opponent receiving the technique. **Use of MACHO sparring equipment does not eliminate risks of injury. USER ASSUMES ALL RISKS.**

MACHO equipment is for martial arts sparring only. **It is not intended for other or more intense uses (e.g., full contact sparring, boxing, bag work, weapons training, sports activities, or use as a protective device for medical conditions, etc.).** MACHO may modify and improve its sparring equipment, but such modifications are not intended to encourage more intense contact.

MACHO equipment should be used only under the supervision of a skilled instructor who responsibly monitors techniques and intensity of sparring and assures that students are properly trained and physically conditioned. All sparring participants should: wear a full set of equipment (minimum: head gear, foot gear, hand gear, chest guard, shin guards, mouth guard or jaw joint protector, and groin protection); read and follow instructions about its use and care; and not use old, modified, damaged or improperly fitted equipment.

ADVERTENCIA: La práctica del sparring puede ser peligrosa; las personas que practican este deporte corren el riesgo de sufrir lesiones graves, impedimentos físicos y de perder la vida. El equipo de sparring MACHO ha sido diseñado para reducir el riesgo y la magnitud de las lesiones accidentales, en las regiones del cuerpo que el equipo protege, durante la práctica del sparring **sin contacto corporal directo o con contacto directo leve** durante sesiones supervisadas. En el sparring de contacto corporal leve el objetivo no es causar dolor o lesiones al adversario. **El uso del equipo de sparring MACHO no elimina el riesgo de lesiones o impedimentos físicos.** Por lo tanto, las personas que usen este equipo deben hacerlo por su propia cuenta y riesgo, asumiendo la responsabilidad por cualquier daño físico o lesión que puedan sufrir durante el ejercicio del sparring.

El equipo MACHO está diseñado solo para el sparring de artes marciales exclusivamente. Este equipo no está diseñado para otros usos más intensos (eje: sparring de cuerpo a cuerpo, boxeo, entrenamiento con bolsas, entrenamiento con armas, otras actividades, usos deportivos, etc.). MACHO puede modificar o perfeccionar su equipo de sparring. Sin embargo, tales modificaciones no están echas con el propósito de fomentar un contacto más intenso durante la práctica del sparring.

El equipo MACHO debe ser usado exclusivamente en sesiones de sparring supervisadas por instructores acreditados que posean las destrezas y el conocimiento adecuado para supervisar el ejercicio de este deporte. Los instructores deben tener entrenamiento en el control de las técnicas y la intensidad del sparring; deben cerciorarse de que los estudiantes sean entrenados en forma correcta y que se encuentren en buena condición física. Todos los participantes en el sparring deben adoptar las siguientes medidas de seguridad: Usar un equipo completo (como mínimo éste debe consistir de: casco protector, protectores de pies, protectores de manos, protectores de pecho, protectores para canillas, protectores para la boca, y protectores de la ingle.) Leer y seguir las instrucciones respecto al uso y el cuidado del equipo. No se deben usar equipos viejos o cuya condición original haya sido modificada, equipos en malas condiciones, o equipos que no se ajusten al cuerpo de la persona.

NOTIFICACIÓN: MACHO no ofrece ninguna garantía explícita. Las garantías implícitas de COMERCIABILIDAD y de IDONEIDAD se excluyen y se rechazan. 6.01.04

Warnings and Instructions

Macho Dyna/Rival Face Shield

Read all warnings and instructions before use.

Keep for reference by all users for the life of the gear.

Failure to follow directions may result in injury, disability, and death.

INSTRUCTIONS

To Attach the Dyna/Rival Face Shield:

1. Position the Chin Pad with the longest side facing into the Shield and the shorter side extending over the Shield edge to create a barrier between you and the Shield. Attach it securely using the hook/loop fasteners. (See Figure 1.)

2. With the Chin Pad in place, center the Shield on the foam Head. **The Shield must overlap all foam edges and cup the chin.** (See Figure 2.)

3. At the two holes in front of each ear, thread the strap from the Shield into the upper hole, down and out the lower hole, and up to secure it to itself. (See Figures 3 & 4.)

To Put On the Dyna/Rival Head with the Dyna/Rival Face Shield:

4. Pull the gear snugly onto your head.

5. Position it so your ears fit comfortably at the the ear openings.

6. At the sides of the jaw, overlap the Shield on the foam. Pull and attach the hook straps from the Shield to the loop squares on the Head. (See Figures 3 & 4.)

7. Pull the Head chin strap under the chin and fasten it securely on the left side with the hook/loop fasteners. (See Figures 4 & 5.)

8. Be sure the Face Shield overlaps all foam edges, does not move on the foam head, and cannot come into contact with your face or neck. *Check these before sparring.*

Note: The Dyna/Rival Face Shield is designed only for the Dyna and Rival Heads. It fits sizes Small to Extra Large only. Do not wear it on any other headgear.

Macho Dyna/Rival Face Shield

⚠ WARNING

- Read all warnings and instructions before use, including the back cover.
 - Failure to follow directions may result in injury, disability, and death.
 - Keep this information for reference by everyone using this gear.
- Serious head, face, eye, and neck injuries, including cuts, bruises, blindness, fractures, paralysis, disability, and death, may occur from accidental strikes, blows, and falls. Wear Macho face and head gear only to reduce the risk and severity of accidental injury from **no contact to light contact** Martial Arts sparring supervised by a qualified instructor. No gear can prevent all injuries; Macho does not guarantee protection.
 - Always wear the Chin Pad, properly positioned, in the Face Shield. The Pad helps support the Shield and protects against Shield contact - and injury - to the face.
 - The Face Shield does not protect against penetration of open areas. Wear impact resistant eye protection, if needed.
 - Securely attach the Face Shield to the Macho Dyna or Rival Head only (sizes Small to Extra Large) with the Shield overlapping the edges of the foam Head. The Shield should not move on the Head. Do not wear the Shield on any gear that is not designed to support it, including sizes Extra Small and XXL. Loose attachment or misuse may result in injury, including cuts, bruises, and mouth/tooth injuries, from contact with the Shield itself.
 - The Face Shield is not indestructible and may crack under extreme or unusual conditions. (See Proper Care instructions.)
- Inspect all gear before each use. If the Face Shield or foam Head becomes cracked or damaged in any way, discard and replace it immediately.
 - Properly size, fit, position, and secure your headgear to optimize protection. Properly sized and adjusted to your head, there should be very little airspace in, or movement of, the foam gear.
 - If gear becomes dislodged or if a strap becomes loose or unfastened during use, stop immediately, re-position, and re-secure it before continuing.
 - Do not butt or ram with the headgear or apply repeated blows to the head. Serious to fatal head or neck injuries may occur.
 - Wear your mouthguard to help protect your teeth and gums.
 - Do not use Macho products for other purposes, including other sports, such as boxing and soccer or as protective medical devices.
 - User assumes all risks of injury.

NOTE:

Use appropriate cushioned floor mats or padding to help reduce the risk of critical head injuries in the event of a fall.

The Dyna (aka Deluxe) Head has been tested against Directive 89/686/EEC for Personal Protective Equipment.

Warranty

Macho warrants its products to be free from defects in materials and workmanship for 60 days from the date of purchase, provided the products supplied have not been subject to accident, alteration, negligence, abuse, or misuse. As the sole remedy under this warranty, Macho will, at its option, repair or replace non-conforming goods.

TO THE EXTENT ALLOWED BY LOCAL LAW, EXCEPT FOR THE OBLIGATIONS SPECIFICALLY SET FORTH IN THIS WARRANTY STATEMENT, MACHO'S LIABILITY AND THAT OF ITS VENDORS OF NEW GOODS SHALL NOT EXCEED THE VALUE OF THE GOODS SOLD. NEITHER MACHO NOR ITS VENDORS SHALL BE LIABLE FOR DIRECT, INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES, WHETHER BASED ON CONTRACT, TORT, OR ANY OTHER LEGAL THEORY.

TO THE EXTENT ALLOWED BY LOCAL LAW, MACHO AND ITS VENDORS DISCLAIM ANY OTHER WARRANTY OF ANY KIND, WHETHER EXPRESS OR IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

Proper Care of Macho Products

Face Shield Care

- ❑ Clean the Shield with tepid water or diluted ethyl alcohol.
- ❑ The Shield is a porous polycarbonate. To avoid weakening or damaging it, do not use fat-based soaps or detergents, methyl alcohol, acetone, benzol, trichloroethylene, or alkaline substances.
- ❑ Keep the Shield away from sunlight, heat, and cold. Temperatures above 50° Celsius (122° F.) or below 0° Celsius (32° F.) may decrease the strength and resistance of the Shield.

Enhance the life of your foam Macho sparring gear!

- ❑ Keep gear clean and pack it without crushing.

Daily Cleaning

- ❑ Perspiration can cause deterioration of the coating. Equipment should be wiped down after use.

Monthly Cleaning

- ❑ Wash gear, including straps, with warm soapy water at least once a month. Hang to drip dry. This will help keep equipment free of odors.
- ❑ Periodically brush lint from the hook portion of any hook/loop fasteners.

Sanitize Gear Regularly

- ❑ If gear is shared among students, spray or dip with a mild bleach solution (1/4 cup bleach per gallon of water) between users. Leave wet for 10 minutes for broad-spectrum disinfecting. Air or cloth dry and wipe away any bleach residue.

Proper Packing and Storage

- ❑ Improper packing is the most common reason for reduced life expectancy.
- ❑ Do not compress the gear. Compression contributes to wrinkles and cracks and decreases the protective level of the foam.
- ❑ Store in a cool, dry place. Do not expose to direct sunlight or extreme temperatures.
- ❑ Do not leave in car or trunk.
- ❑ When traveling by airplane, carry gear on the plane as air pressure in the luggage compartment may cause wrinkles.

More Care Hints

- ❑ Long fingernails may tear the foam.
- ❑ Macho's equipment is not intended for use on heavy bags or shields, or for breaking or grappling techniques. This may tear the foam.
- ❑ To avoid damage to gear, completely disengage hook/loop fasteners or other closures before attempting to remove the gear.
- ❑ Packaging is not for reuse or storage but may be recycled.

We recommend you pack your Punches inside the headgear to prevent crushing of head.

Do **not** compress or crush equipment.

Pack loosely with each strap folded back on itself.

Do **not** wrap straps around the product. Straps will lose their elasticity and crush the gear.
